INAUGURATION A BIG EVENT

Committee Appointed by Board of Trustees, Faculty, Alumni and Students to Prepare for Inauguration at New President.

The inauguration of President-elect William A. Gravelle, of Gettysburg College is expected to take place in October and will be attended with elaborate pageantry. The committee has to have a number of guests of prominence.

At the meeting of the board of trustees to-morrow it was announced to work in conjunction with committee from the faculty, the students and the alumni.

The arrangements will be left to the committee which will have charge of all the arrangements.

The committee from the board of trustees consists of Dr. Charles M. Stock of Hanover; Martin H. Miller, of Pittsburgh; John Dugay of Philadelphia; and Dr. Robert R. Miller of Philadelphia.

The committee from the faculty is Dr. D. W. Ladd, of Lancaster; Dr. C. H. Huber, from the school of Chemistry; Dr. Daniel E. Gotschall, and William E. Stuck, of Gettysburg, and the students and the alumni of the senior and junior classes, to be elected.

Representatives from other colleges and universities will likely be here in large numbers and the event will be unique in the history of Gettysburg College.

Dr. Gravelle has gone to the University of Minnesota where he will be on the faculty of the law school. Upon the completion of his work there he will come to Gettysburg to take up his duties as president of the institution.

CONCRETE ON THE FARM

An instructive bulletin just issued by the Department of Agriculture has been sent out may confirm that even fence posts may contract. The bulletin says:

"In construction as much as for most other purposes, concrete is as good as the best wooden posts of the same size. After three years' service, however, it is subject to free contraction to one-half of its original strength, whereas, concrete grows stronger with age. Concrete posts for neither winter nor fire injure it. Under ordinary circumstances, good concrete posts will last for years. If, however, in the course of years, should be broken by unusual strains, it is cheaper to replace them than to repair them. The absence of decayed wooden posts with power of material with the same lack of durability."

"Concrete posts are attractive in appearance because of their uniformity of size and color, and of value as fence posts. They are also giving greater life to the fencing material so that the permanent value of the fence is increased."

Full instructions for making concrete posts are given and the bulletin can be had from the Department for the asking.

THIENMONT BEARD FARM

Rejoicing over the starting last week of its new electric light plant, Frederick County, lays claim to the title of the home of the best lighted town in America. The plant, operated by water power from a small stream, is located in the town of the property of the new owners, Mr. and Mrs. Frank Herter, who have completed the work for the first time. The cost of the venture for the first time, the Capital, Clifton, published at Thiemont, says:

"Everyone was astonished on the night of the 20th at the beauty of the village for the old town that one almost had to look outside" when an electric light was turned on. The plant, which is the property of the new owners, Mr. and Mrs. Frank Herter, who have completed the work for the first time, the Capital, Clifton, published at Thiemont, says:

In addition to being the best lighted town, Thiemont claims to be the "best built and best paved" town in Maryland.

FIGHTING FOR RAILROAD SHOPS

Warmer Hours Gettysburg Wants
Western Maryland Railroad Shops
and at once Get Busy. Offers
Free Site to Railroad.

For some time a report has been circulated in circulation that the car-shops of the Western Maryland railroad at Hanover were to be moved to Gettysburg. The railroads themselves have always proved frank though it was admitted that the Western Maryland had made a proposal under consideration.

From Hanover comes the news that the Hanover Merchants' Association has been in touch with the Western Maryland railroad and has offered to the road a site for the shops which are now at Hanover. The road has been considering and enlarging of the shop round house made necessary by the increased number of engines now in service.

Whether or not the offer of the Hanover merchants to furnish a site of one with no cost involved is not stated. However, J. C. Conner, Superintendent of Maintenance of Way of the Western Maryland was in Hanover Tuesday and is reported to have written to the road that he plans to inspect the proposed site offered by the Hanover Merchants' Association.

The Hanover Herald in commenting on the situation says: "The local association is to be congratulated on its action in offering to the railroad a place to which the road should be maintained in this place, as there are no other railroads in the vicinity. The road is to be advised, to admittedly adapt for the purpose and nothing should be left undone to keep the railroad shops in Hanover."

MANY MAIL MEN ARE APPOINTED

Four Special Mail Carriers Appointed
for Work at Hanover Camp,
Extra Clerks at Post Office,
Bad Train Examinations.

Arrangements for handling the huge amount of mail, which is expected here on account of the United States maneuvers, have been made and extra employees will have in charge what will be the work of the camp postmen.

The Hanover post office clerks have been assigned to the Gettysburg office to help out. They are John Wadsworth, Carl Wadsworth, John L. Johnson, and Mr. and Mrs. E. C. Johnson.

The post office station at the camp will be in charge of Calvin G. Miller who will be superintendent and will have in charge the postmaster, Wm. H. Miller.

There will be two mail carriers in the camp. They will be Harry A. Becker, George E. Hartman, John H. Miller and John E. Snyder.

All of the mail carriers employed here passed the clerical examination in Gettysburg last winter and were placed on the route. On the list which the camp force for the summer was chosen.

LIBERTY HALL

Liberty Hall, June 24—Miss Jessie Curran, of some Greenwich, is visiting Miss Lucy Bowring.

GETTYSBURG PRIZE WINNER

At an inter-collegiate competition

held at Gettysburg, the Pennsylvania connection with the state, protection

convention, Frank Snyder was first

prize in the competition for Gettysburg.

Other colleagues represented were State, Pennsylvania, Indiana, Rutgers and Cornell, and the second and third, they were pro-

vided by Dr. S. B. Givens, who was the protection committee for the summer was chosen.

KEPT WEDDING A SECRET

On January 31 in Washington, D. C., the Rev. Dr. John M. Hobart and wife married. The Rev. Dr. Davis Crutchfield, president of the Free Methodist Church, performed the ceremony.

Both the bride and groom are teachers in the schools of that town.

The secret of the wedding was well kept and that announcement was made only when the bride and groom, in their own town will have the event.
